Living Presence to Presence

Part I

You are invited to walk on your Earth as your God Presence so you can demonstrate what it looks and feels like to live, love and create as fully conscious beings in Unity Consciousness. It is in living in Oneness with the Presence of each other that you will have the magnetic strength within your hearts to attract the Source Love and Light that is necessary for establishing a new Golden Age on your blessed Earth. The Golden Age relationships, families and communities that you are invited to create can then act as templates for establishing many larger Cities of Light across your globe. These Cities can only be created in your world when the great majority of your consciousness has moved into such unconditional love that you are experiencing that Divine Love as your true and primary essence.

The Masters within the Councils of Shamballa

Living Presence to Presence is the glorious opportunity that is presently being made available to every soul on Earth. It is an invitation that involves your active agreement and participation. It is your alliance with your Presence that is ultimately going to take you and all of humanity into Unity Consciousness on the 5th dimension. That dimension has the capacity to support both your uniqueness as an individual as well as your co-joined abilities to sustain a new Golden Age. Only your collective field of Divine Love, which is always in union with

Divine Light, has the power to fully magnetize the hearts, minds and bodies of humanity into their Presence and into the 5th dimension where all of life is living in Unity Consciousness. This is what the new Golden Age is really all about.

Living Presence to Presence within your families and communities is vital so humanity can live in Unity Consciousness during your present window of opportunity. When you join together as conscious beings in Councils of Light that are dedicated to supporting the Presence of all beings, you then meet as we do within a field of Source Love and Light that is always there to support you walking the Earth as living masters.

The solar frequencies that have been coming into your realm since last December

are a tremendous gift that are being given to assist each of you in burning out the last remaining fear-based thoughtforms that may still be residing within your consciousness. These limiting thoughts and feelings were established many thousands of years ago within both the 3rd and 4th dimensional domains of your consciousness. As these stored thoughts and feelings are lovingly transmuted out of the personal and collective levels of humanity's consciousness, your Earth will have the support to start manifesting more of her higher destiny, which is to be the Heart Center of your galaxy.

Your present alignment with your Central Sun is also assisting you in merging your mind and your higher spiritual centers with your Presence. This alignment is preparing those higher spiritual centers to be educational avenues for teaching you about Golden Age living, leadership and communities.

Your thinking mind and the information that your brain is carrying needs to be fully aligned with your heart in order for you to embody your Presence. This means that your mind and your heart need to be functioning as an indivisible unit of consciousness. As this becomes a more conscious part of your everyday reality, you will move into greater contact with many dimensions that are a part of your ancient memory grid. Your stellar awareness is connected into codes of Light that are presently being awakened within your crystalline DNA. The awakening of these ancient domains of your consciousness is bringing you into a much greater alignment with levels of your being that are connected into the overall intelligence that abides within your universe.

You have many geometric keys that are encoded within your DNA that are now being opened so they can serve you in anchoring in your new Golden Age and the intelligent energy that is presently coming in from the overlighting consciousness of your Central Sun. These solar frequencies are presently being illuminated within your spiritual centers and the spiritual centers upon, within and above your Earth.
