

Sheldan Nidle's Update for the Galactic Federation of Light and Spiritual Hierarchy

Full consciousness is a grand gift that Heaven is ready to bestow. It gives you a most wonderful opportunity because you will at last rejoin both your spiritual and space families.

Look inside and allow your many fears to subside and exit your mind. What will be left is a direct connection to your "I Am Presence."

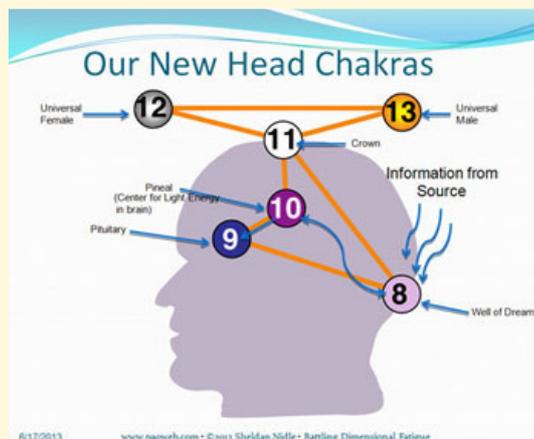

7 Chicchan, 8 Tzec, 10 Caban

Dratzo!! Much has happened since we last talked. A number of agreements are in place and a schedule for the next set of covert events is finished. We are happy that these things are moving forward, and it is important that a number of other events occur now as well. At present, the schedule agreed to is underway. Although these things cannot be described to you in any detail, the various dark governments are on their

way out. Until the current situation is resolved, we are not able to give you any information on what is to happen next, but the actual deliveries of numerous prosperity funds are very close. The current situation is very fluid and requires a degree of stability before things can move forward. We are monitoring this closely and intend to help when appropriate. Meanwhile, we are aiding in a series of arrests, and recoveries of funds. The dark cabal cannot be allowed to stay in power without them intimately knowing that they are being watched and checked on. These arrogant ones know that their time is ending and a new epoch is ready to begin!

As all of these various actions are played out, it is important for you to realize that the changes being carried out by Heaven have accelerated. Your head chakras need to be primed. Your neck and upper body chakras require a vast set of readjustments. Our medical teams have reported that these physical changes are now underway. Hence, some of you are experiencing either degrees of dizziness, increasing bouts of forgetfulness or even a temporary loss of vocabulary. Along with these symptoms is occasional blurriness of vision accompanied in many cases by headaches. Neck aches and shoulder aches have also been reported. In short, your upper body and head are the centers

for a number of upgrades. The things that we have just described are only the symptoms for what is now happening to you. The next areas of attention are the places most affected by the energies that come to you from your silver cord. These carry heavenly information used by your body guardians to maintain your physical essences.

As your physical essences are divinely adjusted, you begin to experience higher and higher physical vibrations. This permits you to rev up your present consciousness. Thus, you are having more vivid dreams and feeling an increased level of expectations as you connect to the life energies that surround your beautiful living world. Gaia is feeling this alteration as well. She is speeding up many of the preliminary phenomena associated with the returning of her surface to its previous pristine condition. This increasing level of change is being felt by her numerous ecosystems. Each group of elementals assigned to a species of animal will facilitate how the animals react to the action of Gaia. Life on your surface is going through a series of stresses that is taxing the overall nature of these diverse ecosystems. These stresses will ease after humanity leaves for its grand transformation in the realm of Inner Earth. The time for these great changes is not very far off. A divine timeframe is definitely in effect.

We are coordinating with both our Earth allies and the liaisons of Agartha to prepare this planet for a most grand change. A series of vital announcements will start an operation that will hurl your current reality into a new epoch. You are in a special time. Shortly, things are to occur that will vastly transform what you now think of as somewhat permanent. These changes will include an end to secrecy that denied you knowledge of us and hid a vast amount of homegrown technologies. Our announcements will include not only an awareness of what you will learn, but also a full disclosure of what we have to offer. You need to understand the immensity of what has been hidden from you by the dark. In addition, you need to grasp what lies ahead for each of you. Full consciousness is a grand gift that Heaven is ready to bestow. It gives you a most wonderful opportunity because you will at last rejoin both your spiritual and space families.

Blessings! We are your Ascended

Masters! We come in joy and feel blessed by Heaven to be able to explain a few vital subjects to you now! To start, let us briefly discuss the divine timing of your Ascension. We have been those of such grand moral focus that each of us was given a special dispensation to allow us to attain the gift of full consciousness in a few lifetimes. We have literally "gone back to school" and been taught how we are to supervise and guide humanity. This

great responsibility is something we have each cherished over the centuries and millennia as we led you to the very brink of your ascension in this lifetime. Events are shortly to happen that provide a transition between this time and the one where Heaven's Light can truly shine brightly. Take this precious time to dedicate yourself to the transformations that are needed. We intend to give you instructions to ease your mind on this vital subject!

The blessed realms possess a wisdom that goes far beyond the thoughts of this reality. It is most important to let go of the things that bind you to this world. Look inside and allow your many fears to subside and exit your mind. What will be left is a direct connection to your "I am Presence." Learn to converse with your true self-who you really are. It is brave, wise and able to live within the moral truths given us by Heaven. Learn to embody what you learn. Become one who can focus within this wisdom and manifest what you really desire. As you do this, you are raising your life vibrations and encompassing who you are. In this world, such focus is frequently discouraged by school, work and by beliefs that often run counter to the ones you are so steadfastly acquiring. In this Light, you are free, and soon this is to be the way of this reality!

Be ever mindful of what you are becoming. Focus of intention is vital to what you are doing. You are readying yourselves with our blessings for a life in full consciousness. You are to be an Angel of this physical plane and to dutifully serve the glorious Light of the Creator! Many souls are trapped in circumstances that require your blessings, service and wisdom. You will use your divine talents to heal, to encourage and to direct those under your tutelage. This sacred set of interactions requires

some degree of training and experience. You are to be a most magnificent group of physical Angels. Hence, Heaven expects much of you. **We come to teach, to guide and to prepare you for the grand missions to be given you by your heavenly administrators!**

Hallelujah! Hallelujah!

Today, we continued our messages! The time approaches for a great change in this reality. It is time to transform the pain and suffering into joy, peace and prosperity! The dark cabal has had time to change gracefully and failed. A new day is dawning that will bring in a graceful epoch for humanity! Know, dear Ones, that the countless Supply and never-ending Prosperity of Heaven are indeed Yours! So Be It! Selamat Gajun! Selamat Ja! (Sirian for Be One! and Be in Joy!)

When the landings arrive, many of us will be invited to visit spaceships. Once aboard, we will be shown many intriguing aspects of galactic life.

PREPARE FOR LANDINGS

In this Webinar, Sheldan will give us a preview of what those visits will be like.

Topics include...

- What types of ships comprise the fleet and how do they travel throughout space?
- Sizes and shapes of the ship's fleet - typical interiors and what they look like
- What are the differences between sentient and non-sentient ships?
- What kind of energy or vibrations do these ships emanate?
- Who make up the personnel onboard and what do they typically do? How do they travel around the ship?
- How many ships will be visiting us during first contact and what is their purpose in coming?
- Why will scoutships be sent here when first contact begins?
- If we visit ships, how will our 3D energy levels be adapted so we can go aboard comfortably?
- Will some of us go directly to the fleet instead of Inner Earth to be mentored into full consciousness?
