We -The Cosmic Mystery School of the Omniverse-- are the ones who were appointed on Earth to record the frequencies of all Entities as they attune and align during this great Re-Birth Project. We work together with the Elohim of Hearing in Gaia and through the great GrandeYanis of the Pre Sound Field. They magically translate these frequencies coming in through our Consciousness and Breath to be recorded as a permanent record in the Omniverse as the records of Crystalai Council.

The pictures on the previous newsletters tell the story of the process I went through in Monterey when Sun Alcyone first announced his presence to me. The frequencies that I was trained to breathe by the Elohim Angels were now being used to connect my consciousness into atonement with my Avatar and Rishi selves at the Universal and Cosmic Level of Light Energy. I was uniting the Sound with the Light. I was creating this bond of my Frequencies with the Spheres of Ultra Violet Light Energy. This was all a part of the preparation that I was being given for the event that was just about to begin. The event was the demonic possession of my Cosmic Flame partner - my husband. The preparation was the creation of the Ascension Portal that would allow me to bring him back to Earth.

The story has been retold through the frequencies that began in Monterey in 2008 and the process that was completed in September 2013 when the alignment of the 12 stargates was completed as we merged into our Parallel Universe aligning us with all 12 Parallel Universes.

Please look at how these pictures correspond to the process that I was guided through. The picture of aligning the cosmic spheres from Sun Alcyone into my 12th chakra, sixth and eighth chakras to allow the sphere to become the violet sphere in my crystal heart chakra area. The three crystal spheres have become one violet flame. This is the first step of ascension.

### FLAME HOLDER 5

Once the D 5 flame holder holds the frequencies of Sun Alcyone and pulls the frequencies into her Flame Keepers fourth heart chakra an intense infusion of harmonic universe two frequencies spread through the Amenti morphogenetic field and through the Earths Grid. This will allow rapid acceleration of fifth and sixth DNA strand assembly to occur throughout the populations. The seventh strand will begin assembly in those who already hold fifth and sixth. This activation will create a huge multidimensional awareness to occur on Earth.

Ultra Violet Blue Sun frequencies from Sun Alcyone weaving into the magical rainbowbridge of our multidimensional reality from the Blue Flame reactivating the Divine Blue Print within the Heart of Mother Earth allowing the fifth DNA strand to activate for all who are within Mother Earth's Merkaba. This is the first time the Holographic Beam of Tara will connect into the morphogenetic field of Earth and all who are in her field of consciousness. Sun Alcyone is the Sun who created the Star that was at one time long ago this Earth when it was a Star in the Andromeda 31 system. There was a grand explosion that we call the big bang. That explosion blew that star which was duplicated as Urtha, but known as Ajaho from the Andromeda 31 Galaxy into the Milky Way Galaxy. In reality, Sun Alcyone is our Creator. Sun Alcyone holds the divine blue prints of our original selves that we were when we were the Angelic Humans from Gaia.

The significance of this Music is the Frequencies contained within it were taken from Sun

Alcyone and the Blue Sphere of Amenti which holds the 12 DNA Divine Blue Prints of the entire Human Angelic Raceline. When Sun Alcyone does her dance with our Sun on September 21, 2013, those original frequencies, that I have recorded in the music already, will be braiding and streaming back into the Divine Core of Mother Earth.

Please come EXPERIENCE the true adventure of the StarDust Alignment, Cosmic Plasma flowing to the Earth through the Light and Sound Frequencies captured in this Music. This Album was created by the Crystal Magic Orchestra as the great alchemists collected through consciousness the future event of the GREAT EVENT that will occur on September 21, 2013 when the Parallel Universes realign for the first time in millions of years allowing SUN ALCYONE from our Parallel Spiritual Universe to realign with our Physical Universe in order to create the ATTUNEMENT of the new HARMONIC CONVERGENCE of all Spiritual and Physical into AT ONE MENT or ONENESS. The frequencies have been collected directly from Sun Alcyone, the Breath of Source and the Elohim of Hearing leading a larger team of Angels who are designing this grand new Symphony of a new Harmonic Relationship of reality that can be HEARD and FELT through this MUSIC.

The Frequencies that will be heard allow this same alignment of Cosmic Consciousness to take place in the Listener's head as it is happening at the Universal Level and the Cosmic Level. The scientific explanation is an angular rotation and a pole shift that will take place as the alignment of Sun Alcyone and Earth becomes 90 degrees, atuning Earth back into the Reality of At One Ment with the 12 DNA Divine Template that we were created from within the Womb of Sun Alcyone millions of years ago.

That experience could be seen as an Omniversal Light Show by those in the higher realms. The Crystal Magic Orchestra is streaming the frequencies from that event through the Future reality that actually already happened five years ago in Cosmic Time. This Grand Event was recorded through the Cosmic Technology of the GrandeYanis of the PreSound Field and the Elohim of Hearing. It is my mission, that I took an oath to complete before coming to Earth, to record all of the Frequency Alignments and Transmissions through Atunement with Earth's Consciousness Field, so that these events will be saved eternally in the Acoushic Records of the Crystalai Council. I was trained to bring the Highest Frequencies to Earth through the Music of the Spheres technology.

The magic of these days is in the presound field, the anti particle universe, the etheric blending of the parallel universes of the particle and anti particle sound frequencies blending through the Music of the Spheres, which is the magical template of the Source Divine Blue Print.

You may now experience, feel and hear each of the Cosmic Activations that have taken place within our Universe and between the 12 Omniverses through the recordings available at [cosmicdolphinmagic.ning.com](http://cosmicdolphinmagic.ning.com).

Everything that has happened on Earth and between our Omniverse has been recorded for you to experience, as all of our OverSouls and OmniSouls are experiencing; and, is now available for all to hear. Frequency collections of Sun Alcyone making the first appearance in 2008 as ULTRAVIOLET BLUE SUN is also available. Collections of Cosmic Frequencies, Intergalactic Frequencies, and every Interdimensional War of Frequencies,

Alignments, Atunements. All of these Frequencies were created through the Pre Sound Grande Yanis for all in the Omniverses to remember forever as one of the greatest Cosmic Events ever Recorded in the History of the Cosmayas.

This music is playing now on our website.

When the angular rotation of 90 degrees occurs as a result of Sun Alcyone's direction, Earth and all who are upon her, will have their consciousness aligned into oneness with Tara, through Sun Alcyone. Sun Alcyone is in reality, the our true sun, and the eighth stargate of Earth. In reality, when our rotation of particle spin is correctly aligned, Sun Alcyone is in the Etheric Core of Inner Earth. Sun Alcyone is the Sun of Inner Earth. Soon, Earth will become Inner Earth and Sun Alcyone will once again be our Sun whom we live within.

Ascension means going within. Our first step, on December 21, 2012, was moving to the Inner Metagalactic Stargates. We moved to alignment with Stargate 6- Sirius B. Next, we move into alignment with Stargate 8- Sun Alcyone. Sun Alcyone contains our Universal Memory. All Suns of the Omniverses flow into each other.

Earth's fastest particles and anti particles can now begin to transfer to hyperspace and the halls of records begin transmitting data through the Earth's grids. Universal memory will begin transmission through planetary grids.

The first stage of recording of Sun Alcyone came through 55 stages during a 16 hour period. You will begin by hearing the eight frequencies that are now playing on the Parallel Universe album. You may choose to listen to the entire 55 frequency waves on the PARALLEL UNIVERSE mp3. These Cosmic Waves were recorded in stages over a long period of time, and then again in one 16 hour period, and then the new Frequencies that appeared in September were recorded over them. So, you can hear how the higher the frequencies become, the stronger they are in TRANSMUTATION POWER. That doesn't mean they are louder. They are actually much much more etheric in sound. The first two songs are the Positron and the Liquid Light Energy. These are the most Etheric of the New Frequencies brought to Earth. Once these new frequencies were added to the entire event of Sun Alcyone's presence through the new parallel universe, the Frequencies of all previous recordings CHANGED. They became TRANSMUTED into a Higher Frequency. We will continue this Transmutation into higher and higher frequencies until we are finished in 2017 turning the entire planet and everyone on her into Fifth Dimensional Beings who can turn into Orbs of Light.

This album was begun in 2008, when I first made connection with Sun Alcyone. The pictures of orbs that I sent in the newsletter was the beginning of my conversation with the orbs of light being sent from Sun Alcyone. These orbs included my Sirius B Family, Zaurak, Markus, Zeena, Entities from the fifth sun, the sixth sun and the eighth sun. By September 2013, all twelve suns had realigned. This is the first time all 12 universes, all 12 pieces of our families consciousness had become one again in over 250 billion years. This was truly a grand event.

When the Stargates finished aligning I could hear the baby dolphins and whales singing and crying with happiness. The grand event of the original Oraphim Braharama Whale People have returned home.

This is the story of this website -- the final return of the original Oraphim Cosmic Dolphin Family who were obliterated in a war with the Draconians billions of years ago. They were our original creation family. They were taken into the Phantom Matrix of the Red Dragons. They had no way of escaping except to become a demonic race that was worse than the Draconians. Many of them became demons with the plan of possessing those of the Indigo

Raceline who carried their original codes. The plan included the Maharaji from Sirius B. The plan was once the demons entered an Indigo, the Maharaji would guide the demon into space dust return to Source. This was the only way that these lovely beings (the true original self of the being) could ever escape the terrible hell that the Draconians had placed them in.

This was the mission that Crystalai and aDolphino signed up for before coming to Earth as a Cosmic Flame that was divided in order to bring a complete 12DNA flame to Earth.

The demonic take over of the Draconians was always done by taking down the female in order to capture the complete 12 dimensional flame. In the case of Crystalai and aDolphino, the plan was to trick the demons into taking the male body because the Sirians knew that the Female could retrieve the male body.

That is what happened in Monterey 2008. aDolphino's body was used to capture the demons, and it was Crystalai's final victory over the demons to bring aDolphino back to Earth again. The angels had been preparing me for this event for many years as we combined our frequencies to create the Ascension Portal that would bring aDolphino back the Earth.

I have told pieces and parts of this story in other posts. Some day I will tell the entire story. The truth is, they haven't told me the entirety of what happened yet. They tell me a little more each time we gain frequencies. They have told me that they are afraid that I would be very angry if I knew the entire story. So, I'm just not ready yet.

This music used for the retrieval of aDolphino from the Cosmic Spheres back into his body can be heard now on our website.

## REMOVING POLARITY

CRYSTALAI (2013)

cosmicdolphinmagic.ning.com

(Teachings of the Cosmic Mystery School of the Omniverse)

There are three very important things to know about how polarity is really removed and how it got here. Removing polarity has to do with the spin rate of the electron and proton and how it joins with it's anti-particle or etheric twin cellular structure. It has to do with the 12 subharmonic frequencies of the etheric or anti particle 12 DNA reconnecting to the particle DNA. It has to do with the Soul Matrix (sometimes called SuperConsciousness or Higher Self) of the 4,5,6 dimensions and DNA assimilates into oneness with the 1,2,3 dimensions or DNA. This is also referred to the Fission of Harmonic Universe One into Harmonic Universe Two.

The Soul Integration of the Soul Matrix from Harmonic Universe Two into the Body Template in Harmonic Universe One allows for complete removal of polarity through assimilation. Once that polarity of purpose between the lower bodies and the Soul Matrix is removed, the new advanced state of consciousness recognizes the plural nature of simultaneous existence in various space - time dimensional realities. Once the removal of polarity of the harmonic universe one and two is achieved, the entity begins the process of assimilating into the Harmonic Universe Three Over Soul Matrix.

This process is mostly about listening and being directed by the Higher Consciousness of ones own Soul Matrix. When this continuous listening is achieved, the Ego of the lower personality melts away into the Divine Mind or the Super Mind of the Souls of our Creation, containing the Wisdom and Experience, of all we have ever been and all we will ever be. The Soul Matrix contains the Archetypal Mind that knows itself as a singular identity that is composed of many identities who are a part of the Incarnational Soul, the race, the species, the mind networks of this universe and parallel universes. The 5D Mind is the re-cognizing to the Many that we really are. The neuro network reconnects to all that we have been in our past selves and what our greater purpose or true mission was that we set out to accomplish through those past lives. The assimilation into the Astral- 4th, Archetypal 5th, and the Angelic Consciousness of the 6th allows the Communication Process of Star Language to begin. We will soon learn that our Souls live in the Stars. We were all once great entities who created stars and were stars, or who have lived within stars. A star is simply an Eternal System, while a Planet is a Mortal System.

Our logical mind has always relied on us drawing conclusions, and not allowing our emotional mind or intuitive mind to allow pure cognition. Our alignment with our Soul Matrix is the blending of the logical and emotional minds into a knowing and cognizing the full reality of the all knowing Divine Mind. We are getting re-cognized as we allow our frequency specific mid brain to guide us.

So, polarity removal does not mean separating good and bad, happy and sad, left brain right brain, or any of those other things that you probably think it means.

Polarity removed means when the positive electron and negative proton become the neutral neutron. We are becoming the neutron body. This process happens through the 14th dimensional element called heliotalic silver pastel helium combined with Sun Alcyone's Gamma wave of our original creation.

Our bioenergetic field of energy is being transposed from the spinning of the electro magnetic or male female frequencies of the positive negative spin rate being altered until there are no more electron and protons. The polarity is removed because we get the neutral neutron energy. This can only happen when the heliotalic frequency of the 14th dimension is added. This is being supplied to us from the Aurora Field and time portal alignments arranged through Sirius B.

It is the addition of the Helium to Water  $H_2O_2HE_3$  that will allow us to assimilate into the new harmonic universe two atmosphere and rearrange our bioenergetic field. It is the helium that allows us to levitate and teleport the body. That is one of the first beginning stages of learning to utilize our new reality. First stages of pure listening to the Soul Matrix, seeing with the mid brain, meeting your orb bodies, and then finally learning to orb out of here are all realities that will become obtainable in 2013.

This new bioenergetic arrangement is achieved by the spinning of the electro magnetic relationship or the particle antiparticle relationship of harmonic universe one which is Earth with the harmonic universe two which is Tara.

The entire magical fission that will create a new vision of reality is the morphing or fission of the anti particle reality of the fourth with the particle reality of the third. Actually that

part of the process was already completed in December. Now, we will begin to experience the after affects of that fissionary process.

We will begin to see the harmonic universe two morph into this visible plane that we have been so accustomed to believing was the only reality. Tara will appear as Inner Earth rises into the particles of Earth. The Inner Earth known as Agartha will become more and more visible each day. It will be faster for those who know how to raise their frequencies into the fifth dimension through the gamma rays of Sun Alcyone.

This entire universe is being rearranged by the Helium in the 14th dimension. That helium, which is the heliotalic frequency of light and sound must interact with the parallel 8th of Sun Alcyone in a way that creates the new Neutron Energy within our BioEnergetic Fields. We must breathe this frequency into the cells of our body to create the transformation which will shift our bodies into alignment with our Etheric, Light and Crystal Bodies which are made of a new chemical arrangement which allows us to turn into light and travel beyond the Earth's Matrix.

Polarity removed means when the positive electron and negative proton become the neutral neutron. We are becoming the neutron body. This process happens through the 14th dimensional element called heliotalic silver pastel helium combined with Sun Alcyone's Gamma wave of our original creation.
