

Love Is The Answer

by Susan

Love is the answer to all questions.

Love is the solution to all problems.

It is the Light that shines from Heaven and illuminates the path of the Holy.

It is the only thing worth living for and the only thing worth dying for.

It is the very substance of God and all creatures have their life within it.

It is the attraction between the Sun and the Moon, the male and the female, the electron and the proton, matter and spirit, the Light and the Dark.

Love is the most potent form of energy in the Universe.

It is sufficient unto itself - it delights in its own Presence.

Love is strong yet delicate.

It can be broken. To truly Love is to understand this.

To be in love is to respect this.

Love is a choosing love over fear in any given moment.

It is more intelligent than Wisdom, it is more attractive than Beauty.

It is warmer than Kindness and more powerful than death.

Love is watchful and sleeping, slumbereth not, though weary, it is not tired.

Though pressed, it is not straitened. Though alarmed, it is not confounded.

Love feels no burden, thinks nothing of trouble, attempts what is above its strength and pleads no excuse of impossibility.

It is a strange, sweet secret between man and God that can never be spoken for no human language contains the words to describe it.

Love is a symbol of eternity.

It wipes out all sense of time, destroying all memory of a beginning and all fear of an end.

But it is much more than even that... It is all.

It is all we need.

It is all we need to remember.

All the Universe has come from Love and unto Love shall it return.

Work with all your Heart, all your Mind and all your Soul and all the gifts of Heaven shall be thine.

For obedience in the Laws of Love fulfill all lesser laws.

The first sign of the awakening of Love in one's heart is the most intense desire to give all of what one can for the benefit of others.

We waste time looking for the perfect lover when we could be creating the Perfect Love. Let us not wait, hoping we will go to Heaven, but make it here on Earth, the way God intended.

Love cannot go where the Heart will not follow.

Let us be grateful to people who make us happy, they are the charming gardeners who make our souls blossom.

They are our friends.

Thank You for making our wish come true.

In Love, Peace and Joy and Gratitude,

With Infinite Gratitude,

All of Us
