HOW MANY STRANDS ARE THERE?
From the two strands we eventually get 40,000 strands in our Gold Light Body, our Solar Self, Goddess/God I am, we are one with the Central Sun. When I first started working on activating my codings and became aware of the extra strands, I thought that there were only 12 strands, then 20, and then 64 strands to Unity consciousness. But over the years as I have awakened I came to realise that 64 strands is to the level of the Blue Light Body and a clear Etheric Blueprint. As we continue to clear and love our self and thereby others on deeper levels, we start to awaken thousands of strands; feeling great peace within, becoming aware of our self at higher octaves of light such as; you the member of the Councils of Light, and you a Creator Goddess/God. We let go of any old paradigm ways of operating and work fully in trust, being in the world but not of it. Are you ready to live in joy and have fun.

THE STRANDS

The extra strands you are opening up to are in the etheric and subtle bodies, but babies born in more recent years are sometimes now found to have 3 strands of physical DNA.

Twelve strands are activated at the level of the physical body and related to the twelve chakras and planets. These can be read in the iris and reveal the genetic codes of purpose stored in the blood.

Sixty-Four strands are activated when our Etheric Blueprint is clear and we are at the level of the Blue Light Body, a state of health, vitality and flow in life. We no longer manifest illness or accidents to unify.

5,000 strands are activated at the level of our Violet Light Body, when most aspects of duality are fully transmuted in the emotional and mental bodies. We can still be manifesting annoying little things as catalysts to transmute energies now in our subtle bodies.

15,000 strands are activated at the level of our White Light Body, where we are learning to be master of our molecules, a Christed Light Being.

40,000 strands are activated at the level of our Gold Light Body, one with Source in unified essences at the level of the Central Sun, as we remember our purpose and are now fully awakened as a Creator Goddess/God creating Heaven on Earth.

Thank you Thank YOU Solumtra for YOU, for your Divine and Loving Heart and Nature.

The Soul light / Earth Sun / Present Light Body stuff has been phenomenal.

It's like I'm understanding things on a whole new level. Whenever I read something, its like pictures that explain the real meaning of the word unfold in my brain. It seems the words are only a tiny part of what's being expressed of the greater whole, the pictures I get in my head seem to reveal more of the greater whole than could ever be expressed or comprehended with just words.

So thanks for bringing it through.

With Love and Blessings,

Alana NSW

Your beautiful book arrived yesterday. I am really loving it. Having some wonderful experiences. I could feel its energy just looking at it. Will be sharing this wonderful find with all my friends.

This would be a wonderful book to work through with my full moon group. I work alot with group energy and think that working through this process alone and with a supportive group would be fantastic. What do you think. I am not sure if you do workshops or what you think about groups using your work as its base. Please let me know how thus feels, most definitely want to know when Lightbody awakening is available lots of love and big hugs Emma
