War Gear Flows to Police Departments - NYTimes.com

http://www.nytimes.com/2014/06/09/us/war-gear-flows-to-police-departments.html?_r=0

The above article appeared on the front page of the Press Democrat in Santa Rosa, California - Monday, June 9, 2014 . . .

Titled: U.S. towns equipped for war . .

while a search did not bring this up from the paper we noted the writer was Matt Apuzzo - New York Times where we located the article you will read in the above link. Interesting to note the title was altered in our paper and was NOT what the writer titled the piece in the New York Times . .

However, what is most important to realize is these papers are fanning and promoting the agenda of the Committee of 300 . . .

These plans were spelled out in a number of source documents such as

"The Report From Iron Mountain" and

"NWO Exposed by Insider in 1969" . . .

and yes U.S. Towns ARE Being Equipped for WAR Against the American PEOPLE as these documents will confirm . . .

An Excerpt from the newspaper article above:

During the Obama administration, according to Pentagon data, police departments have received tens of thousands of machine guns; nearly 200,000 ammunition magazines; thousands of pieces of camouflage and night-vision equipment; and hundreds of silencers, armored cars and aircraft.

The equipment has been added to the armories of police departments that already look and act like military units. Police SWAT teams are now deployed tens of thousands of times each year, increasingly for routine jobs. Masked, heavily armed police officers in Louisiana raided a nightclub in 2006 as part of a liquor inspection. In Florida in 2010, officers in SWAT gear and with guns drawn carried out raids on barbershops that mostly led only to charges of "barbering without a license."
