### **Bombshell: CDC whistleblower goes further: mercury causes autism**

The brief explosive video is posted at [autismmediachannel.com](http://autismmediachannel.com) on the home page: **[“CDC Whistleblower William Thompson on Thimerosal.”](#)**

Beyond admitting to fraud in a 2004 CDC study that exonerated the MMR vaccine, Dr. William Thompson, a CDC scientist, asserts there is a connection between mercury (thimerosal) in vaccines and autism.

Thompson states that giving a vaccine containing mercury to a pregnant woman is something he would never do.

Couched in science-speak, Thompson winds up his remarks with this: “There is biologic plausibility right now to say thimerosal causes autism-like features.”

For a scientist at the CDC to make this admission, after millions and millions of dollars have been spent by that agency and the US government to conclude mercury has no connection to autism...it’s extraordinary, to say the least.

The PR mantra declaring thimerosal safe has been repeated thousands of times by major media outlets—and now a researcher on the inside has repudiated it.

Experts and other con artists will try to parse Thompson’s words, but the meaning is clear. Only a mindless idiot or an overt killer would inject a vaccine containing mercury into a human being.

Meanwhile, the major media blackout on Thompson’s revelations continues. The collusion in a vast crime is their mission.

### **Shoddy forgery exposed in 1963 Green Hilton Agreement docs presented by Keenan**

- by GrandeLander (Sept 5, 2014)

On May 14, 2012, Keenan & Co sent out a Cease & Desist order signed by Keith Scott & Neil Keenan. This was just weeks before Neil had his lawsuit dated 11.22.2011 (48th anniversary of JFK assassination) withdrawn. To the global audience, it appeared that Neil Keenan (the plaintiff on behalf of the Dragon Family) was finally ready to slay the "Cabal Beast" in an open court. He broadcast it in his U-turn updates. The world was all excited and glued to the U-turn drama series for this climax, an epic court battle.

But like all popular long running TV series (...remember Dallas & Dynasty), it was a psyops meant to disappoint. Part of the "build-up high hopes only to be dropped from a tall building" mass distraction strategy, the cabal had planned. So disappointed that no one really look into details the forged 1963 Green Hilton Agreement documents presented as the legal basis for the Cease & Desist order by Neil

Keenan and Keith Scott.

If Keenan knew that CIA-plant Keith Scott, a known pedophile and self-confessed traitor who plotted the downfall of his previous boss at OITC (Dr Ray Dam), was betraying Keenan (as constantly advised by another ex-CIA Dr Van De Meer and other concrete evidence like taped conversation) why the hell did he co-sign and co-issue the ***Cease & Desist – Neil Keenan Papers*** with Keith Scott? But that is another story and another article. Either,

- this Neil Keenan is a dumbass idiot who can't see the obvious evidence on his nose and by extension, his inability to slay the global banking fraud beast with all the hidden corners and long lost evidence, OR
- he is another planted cabal "ZERO" actor, meant to buy time and to lead the sheeple audience in an endless loop of roller-coaster rides while the cabal masters plot their global reset WWIIII Armageddon moves.

The answer is obvious if we only take a closer look at the shoddy forgery GHA documents. There are multiple reasons why Neil Keenan had to use forged documents, obviously fabricated by his young Indonesian fraudsters who had never seen or known typewriters to have existed before the advent of computers and word processing / imaging software in the eighties. Another article in the series.

Couldn't Neil Keenan have employed a more professional team of art/document con-artists who could have produced more convincing fakes? The answers lie in the almost real, high quality multi-billion fake FED bonds which Yamaguichi and Watanabe were caught with in 2009.

*What good would these fake bonds be if they are valued at such huge denominations (\$500 million and \$1billion)? Yet the counterfeits were of such high quality, they could only have been produced by the US Treasury itself.*

*“According to Wiesenthal, in order to counterfeit these bonds, "it would be the kind of technology you would expect only a government to have." Wiesenthal also believes the 1934 issuance date on the bonds suggests they may be elaborate forgeries.”*

Neil Keenan (by now you know is working for the Cabal, more evidence in coming articles) was originally employed, to distract global attention away from the professional high quality fake FED bonds scandal. Again there is a long series of articles which we started to prepare in 2008, following the global financial crisis. That by the way, is the main real "Dallas / Dynasty" story that is still being scripted and screen-played while Neil Keenan's U-turn drama series distract global attention.

*NOTE: This is the reason dates don't seem right. Drake*

*The Green Hilton Agreement was not implemented until 1968 (this is why the dates differ between Kennedy's signature and the dates of the assets) when Soekarno fell from office and when Global Trade made it imperative that the world have a Global Currency. As the Gold had been transferred to the US Treasury in 1968, a series of Bonds known as Kennedy Bonds were issued in order to honor the terms of the Green Hilton Agreement made between Kennedy and Soekarno, the 1968 terms of the gold delivery to the United States being different than made in 1934. When after 30 years, interest had not been paid as promised, a reissue of the bonds in an increased number were issued as commemorative notes and were accepted by the owners of the Gold, the Dragon Family being held by the Soekarno Trust, the Indonesian Elders, Holders and*

*Gatekeepers. The Soekarno Trust held mostly all assets throughout Asia.*

***Cease & Desist UBS-BIS + Evidence (05-14-12)***

*Served Upon the Following Entities and their Executives:*

*Union Bank of Switzerland (UBS)*

*Bank for International Settlements (BIS)*

*ORDER TO CEASE & DESIST CRIMINAL ACTS*

*Under penalty of enforcement of the lawful rights, powers and authorities detailed in this Order, enforceable on national and international law enforcement and national and international security levels of all countries involved, on the basis of applicable laws as applied to the facts supported by evidence, you are hereby formally served this legal and binding Order to Cease & Desist certain highly illegal and criminal activities.*

*Official criminal complaints to numerous agencies on various high levels in multiple countries are already being actively prepared by qualified legal counsel with veteran law enforcement and national security consultants, to be filed imminently. In the event of your failure or refusal to deliver to us convincing formal written assurance and binding commitment to comply with this Order, by reply within 3 banking days, then such criminal complaints will be filed.*

**US Foreign Jurisdiction over Criminal Violations**

For violators of federal criminal laws of the United States, US federal authorities have jurisdiction to serve summons upon foreign witnesses and take possession of foreign evidence (28 USC 1783), and to initiate and assist in arrests of all violators in cooperation with foreign law enforcement agencies (22 USC 2291(c)(2)). When the crimes undermine US sovereignty or its constitution (10 USC 502(a)), US authorities may also assign military forces from its Embassy and/or other facilities in the host country to seize evidence and make arrests together with foreign law enforcement (US AFM 3-07, Ch. 6).

The present situation, caused by your own intentions, preparations and/or actions that we have detected, is already solidly positioned to escalate into devastating liabilities and penalties for your organization(s) and all participating individuals therein, on an unprecedented level that your legal counsels or legal department(s) will be unqualified to handle and unable to effectively defend against.

**CEASE & DESIST ORDER FOR THE DARK CABAL [NEIL KEENAN PAPERS]  
AUGUST 17, 2012**

<http://eclinic.wordpress.com/2012/08/17/cease-desist-order-for-the-dark-cabal-neil-keenan-papers/>

*One of the final documents that will bring down the Dark Cabal in charge of the world economy for centuries is about to be served. You are all enjoined to spread the most important document of the 21st Century.*

*Unlike the Obama Birth Certificate, the evidence below is absolutely unimpeachable.*

*The recovery of Asian Treasures will be used for the financing of massive worldwide development, as it was intended to be from the very beginning and up to the time of Soekarno and Kennedy, through the release of all suppressed technologies including free energy, anti-gravity and teleportation, organ and limb regeneration, replicators and all other exotic knowledge hidden from ordinary mortals.*

### **All fakes no matter how professionally fabricated can and will be exposed**

Can the cabal including the FED, global banking system and most of the colluding western countries, withstand the exposure of another high quality fake scam? Neil Keenan & Co u-turn drama series was meant to be a side show distraction, not **"the straw that breaks the Cabal's back" (David Wilcock)**.

Obama's fraudulent birth certs could have been so professionally conned (not just the poorly fabricated birth certs themselves), it would have taken another 100 years to crack. No, the Obama Birth Cert Fraud was meant to be exposed. Questions remain why it was exposed so early in the game when the expected martial laws - social uprising-Cabal US-takeover did not follow through.

Keenan's fraudulent GHA documents were also meant to be exposed. How long it takes to be exposed, the mass response, where's and how's, are some of the many indicators and answers the cabal need to know before plotting their next move. Keenan and the U-turn drama series can be terminated like all popular long running TV series. But not their main Global Banking & Oil Ponzi scheme. It is all about the confidence of the high-net worth investors. A high investors' confidence is needed before they suddenly pull out the plug clogging global financial system (or more appropriately, global financial sewage). The cabal nearly expired (sank) with the Titanic crash of the 2008 Global Financial Collapse. Yes it was planned by them. But the 2008 collapse was out of time (schedule) and out of sync with the many planned false flags and mega disasters that occurred (or failed to materialise).

They can't afford to make the same mistakes as in 2008. The "unexpected" arrests and exposure of the 2009 \$134.5 billion fake bonds, scared the craps out of the cabal. Keenan was the cabal-controlled bag man on the ground to diffuse and distract the critical situation. They sure as hell would not want Keenan's little side show to be the last straw that breaks the cabal's back.

The shoddy con-artist workmanship was meant to be a decoupling "quick release link" to the cabal, in the event of an exposure. The convenient cover story that will hit the headlines:

*"Neil Keenan, the plaintiff in the 11.22.2011 lawsuit against the cabal banksters, suffers yet another setback in his quest to release the global collateral accounts for the benefit of mankind. The supposedly genuine Amanah Assets papers in his possession, have been exposed to be poor 3rd world fakes, fabricated by local Indonesian con-artists.....blah.....blah .....twists & spins.....blah blah".*

If you are still not convinced, just ask yourself whether any respectable US president or international bank representatives would sign such poorly worded ambiguous agreement even for a 1 million dollar loan, let alone an international agreement on the fate of thousands of kg of gold.

Such shoddy amateurish forgery could never be the work of the FED or 1st world government in possession of high tech sophisticated facilities; the way, the FED & US govt had been implicated in the 2009 \$134.5 billion high quality fake bonds.

*"According to Wiesenthal, in order to counterfeit these bonds, "it would be the kind of technology you would expect only a government to have." Wiesenthal also believes the 1934 issuance date on the bonds suggests they may be elaborate forgeries."*

Part II - details of "intentional" shoddy forgery workmanship in Keenan's Amanah Asset papers.
