US regime under unprecedented attack, black swan event imminent

Posted by **benjamin**

December 24, 2014

The Nazi cabal that illegally seized power in the West by staging the 911 mass murder event is now close to collapse. This can be seen by the growing calls for the arrest of the top figures of the last Bush regime not only from world leaders but now even from establishment lapdogs like the New York Times.

http://www.nytimes.com/2014/12/22/opinion/prosecute-torturers-and-their-bosses.html?_r=0

The fact the New York Times is running such an editorial means the traditional Jewish lobby has finally figured out that Neo-con was just a euphemism for Neo-Nazi.

If a few more key individuals are removed from power in the coming days, it will lead to the end of cabal fascist rule and freedom for humanity. These people include US corporate president Barack Obama, Japanese slave Prime Minister Shinzo Abe, secret UK dictator Jeremy Heywood and Federal Reserve Board head Janet Yellen.

The key person to bring down is US corporate president Barack Obama. This should be straightforward because he has only 15% support inside the US military. Obama may be a just a puppet but he is nonetheless the publicly visible sign of continued cabal rule. Obama committed fraud to become president. In his auto-biography, "Dreams of my Father," he writes that his father was a World War 2 veteran. Yet the birth certificate Obama made public says his father was 25 years old when Obama was born in 1961. That means his "war veteran" father was 9 years old when the war ended. Furthermore, Obama has confirmed his role as a cabal stooge by publicly repeating the Nazi lies about 911.

Hopefully, incoming Defense Secretary Ashton Carter will grasp his destiny and lead the restoration of the Republic of the United States of America.

The Japanese slave regime headed by Shinzo Abe is another key domino that needs to be toppled. Overwhelming evidence has now emerged that Abe “won” the December 14th general election through massive fraud. Japan Independence Party head Richard Koshimizu and many others last week showed police and reporters extensive proof of this. For example, the Sokka Gakkai Buddhist sect, whose political party is part of the Abe regime, gathered believers all over the country to “write practice votes,” Koshimizu says. These “practice vote” papers were then taken away to undisclosed locations, he adds. Koshimizu also showed this writer videos taken with hidden cameras showing things like automatic vote counting machines counting blank ballots long after voting stations were shut down and votes counted. Many court cases against this latest sham election are being mounted by the JIP and others.

If Abe remains in power, Japan will be looted to the point of bankruptcy in order to try to prop up Abe’s Nazi puppet masters. However, Abe has now lost support among Japanese right wingers and even his CIA handlers.

Richard Armitage, chief US Nazi agent in Japan, has put out feelers to the White Dragon Society to try to arrange some sort of peaceful exchange of power in exchange for amnesty. This can be arranged since the WDS is more interested in saving the planet than seeking revenge.

The situation in the UK is also reaching a tipping point. The ongoing police investigations into a high level pedophile ring inside the UK government are the most obvious sign of this. The ultimate thrust of this investigation is to prove that it was politicians being blackmailed over pedophilia who signed away UK independence to the Nazi/Bush EU government. Once this is proven, the UK could declare the treaties it signed with the EU as invalid.

'U.S. military shot down MH370 because they thought it had been hacked and was about to be used in terror attack', claims former airline boss

A former airline boss and writer claims the U.S. downed Malaysia Airlines flight MH370 because the military feared it had been taken over by hackers and was about to be used in a 9/11-style attack.

Marc Dugain, the former chief executive of now-defunct Proteus Airlines, said the jumbo jet was shot down near a U.S. military base on the remote island of Diego Garcia in the Indian

Ocean after it was hacked.

He told Paris Match that islanders in the Maldives near Diego Garcia told him they saw the missing aircraft flying low.

Dugain spoke of a fisherman on a small island who spoke of a 'huge plane' in Malaysia Airline's colours on March 8.

He also said islanders had found an empty fire extinguisher from the plane in the water near Baarah island.

The Senegal-born Frenchman, who is now a successful novelist, also told a radio station he was warned not to investigate MH370 by an intelligence source, who spoke of 'risks' and counselled him to 'let time do its work'.

Last week grieving family members of Chinese passengers from a missing Malaysia Airlines

flight protested outside the foreign ministry in Beijing Friday accusing the government of failing to provide them with regular updates on the search for the aircraft.

About 30 people, many of them elderly, gathered at the gates of the ministry with temperatures approaching freezing and were confronted by a line of police.

They demanded to speak to government officials in a bid to get more information on the search for flight MH370. Police manhandled and pushed protesters that attempted to enter the gate and warned passersby to leave the area immediately.

'My son is alive and I want to know what the government is doing to find him,' said Liu Dianyun, the mother of one of the passengers.

Some drove for two hours to attend the demonstration, despite acknowledging that their efforts were unlikely to produce results.

Chinese passengers account for about two-thirds of the 239 people who were aboard the Boeing 777, which vanished on March 8 en route from Kuala Lumpur to China's capital.

Dozens of their relatives were reportedly beaten and arrested earlier this year. Australia has been spearheading the hunt for the plane, which is believed to have crashed in the southern Indian Ocean off western Australia.

RTS: Being Prepared is not Fear- do YOU have the power?

Being Prepared is not Fear- do YOU have the power?

As I said in last night's **Transpicuous News Report**, I am not a negative person, nor a pessimist- far from it in fact. But I am a Realist, and right now, the Realist in me says "Be Prepared".

At this moment, the world of "Finance" "Economy" and Government idiocy is collapsing all around the globe. I do not say this lightly. After posting TN last night, I opened my skype to 5 more news articles that point a very huge finger at just how close the collapse of the current financial system is.

I have written for years about the coming changes to the currently slavery financial system and ultimately it's collapse. I have also been talking about the fact that the "New" financial system that "they" are putting in to replace it, is just slavery 2.0 edition. The battle is on at the moment to see which faction will get their agenda and system in place first. Not that it matters, as each one is just a variation of the slavery/fraud theme, which just puts a different face on who everyone thinks is in charge. It doesn't matter, one way or the other though, because in my opinion, even their "New" financial system will very quickly be seen for what it is and crash. The **re-phoenixing of the systems** is NOT going to work. Now, as I said in Transpicuous News last night, I do believe that there are those waiting in the wings for the final curtain call, people who are ready and able to pick up the broken pieces and actually FIX the problems that we are currently facing, but before that happens, I think we will have to see the complete collapse of this fraudulent slave system in its entirety.

Which brings me to my point: BE PREPARED

I'm not a pessimist and I'm certainly not a fear mongerer. Those who've been reading RTS know that I don't fall for the "fear porn". But I'm also not willing to gamble my family on the hope that this coming collapse is going to be all unicorns farting rainbows.

Let's play a game of "What if".

What if the big banks- or even just your bank in your local town- goes bankrupt and suddenly shuts its doors?

-Do you have access to money? Do you have access to your credit/debit card? Do you have food and supplies on hand to look after your family (and perhaps unprepared friends) for 3 days? A week? Do you have gas in your car?

What if the big banks close and there is a bank run (which is already been seen in several countries yet covered up by the main stream media)?

What if there is a panic run when people can't get their money, or just freak out about the whole situation?

What if a "state of emergency" is enforced and you are stuck away from home? or stuck at home?

None of these situations are impossible. As a matter of fact, judging from what is being seen, I would say most of these situations are probable. At this very moment the "Big 5" in the US are completely bankrupt-

hence the fact that they passed that lovely "bail out" clause in the US 2015 budget- "they" KNOW what is coming. European banks are not any better off either. As matter of fact, the European Union is on the verge of collapse all on it's own, regardless of the global economic situation.

Are you Prepared? Do you know where everything is that you might need? Do you have a meet up point prearranged with your family and friends just in case you need to leave your home? These are important questions.

Many of my newer readers may not know it, but I use to be a hard core prepper. Nick and I recognized back in 2001, then further in 2009, that the current "system" was failing and that it was our responsibility to look after our family. We had spent years watching various government agencies dropping the ball during major emergencies and realized that we needed to be completely self sufficient. This meant gathering knowledge because knowledge is the KEY to getting through any situation. Over the course of several years I gathered an entire hard drive full of information, books, recordings, PDFs, manuals, and lists of resources. Then the realization hit that to print out all of this information would comprise 10s of thousands of pages.... not exactly something you can carry with you in an emergency situation. Which left the question of: POWER. If you have an energy supply, then you always have the ability to charge batteries, to charge laptops, to have light and even heat and reffridgeration. But it comes down to having a power supply that is self sufficient, renewable/self recharging, and is transportable. This is when Nick began his journey into studying and creating an alternative energy supply. Nick has been working on several energy designs (we won't use that bad word "free energy", lol) for many years, and has worked on several designs that would allow off the grid power anywhere.

Two days ago we recorded the video (below), and gave the information about crystal batteries and how we are moving forward to the world. This is vitally important information for those people who are looking for an easily transportable, self recharging power source. We are working on getting the fully documented video instructions out to the public in the next few weeks, but in the mean time, Nick's notes, and this recording are an excellent start to building your own crystal battery.

Crystal batteries have been around in the alternative media circuit for a few years. **Laserhacker** proved that his small test battery is still lighting an led bulb 2 years later, without showing any signs of degradation. What Nick has done is to morph the salts used, changing how they are mixed and applied it to a car battery- 12 volts of easily moveable/transportable power. This energy supply can be used to take a room of your house "off grid", or wired in series to create a larger output. It can be used in an RV, camper, boat, cottage, workshop etc... to supply "electricity" for small appliances, power tools, lights, or any other application that falls within the output of the crystal battery itself. Most importantly, these batteries are cheap to make and easy to build and set up! Besides the battery itself, all you need is an inverter, and away you go.

Please share this information about the crystal batteries with your networks, groups, friends and families. The original article with all of Nick's notes is available here:

The Clock is Now Ticking!

by Tom Heneghan, International Intelligence Expert

UNITED States of America - It can now be reported that the Department of the U.S. Treasury and a major Military Grand Jury operating in Charlotte, North Carolina will soon order the arrest of the entire Bush-Clinton Crime Family Syndicate and the forced detention of puppet stooge Bush-Clinton Crime Family enabler, bank stooge Barack Hussein Obama-Soetoro.

Secret intelligence and documents previously illegally classified by the U.S. Justice Department have now been made available to the Department of the U.S. Treasury, the Military Grand Jury and the American People.

P.S. The context of the investigation as follows:

CSIS, which is Canadian Secret Investigative Services in Ottawa, has been in direct communication with Vice President Albert Gore Jr. and former White House counsel, now FBI informant working for FBI Director William Sessions, Vince Foster, on the following subject matter.

Criminal Canadian-U.S. tax diversion involving the AmeriTrust account of Switzerland, which had previously been tied to the administrative control of Ambassador Leo Wanta, President Ronald Wilson Reagan along with former Israeli Prime Minister Yitzhak Rabin and now had been turned into a sole beneficiary of not the Clinton-Gore Administration but the Bush-Clinton NAZI Paperclip Administration with the full complicity of the current Administrator of the Office of Management and Budget, Leon Panetta, Hillary Rodenhurst Clinton stooge Laura D'Andrea Tyson, the CIA proprietary Maipollo account, which is the sole beneficiary of U.S. Treasury Secretary Lloyd Benson and the daddy Bush CIA administered BWI Group and the Ministry of Finance in Tokyo, Japan (code: Tosititlkaitcu yen).

Reference: Paramount Pictures of Hollywood.

P.P.S. So the theft of \$70 billion from the U.S. Treasury was done to accommodate the transfer of these funds to financial terrorist George Soros through Bulgarian bank accounts, along with the nation of Iran, for the purpose of giving North Korea nuclear capability.

Reference: The AmeriTrust account, which was originally set up by President Ronald Wilson Reagan and then Prime Minister of Israel Yitzhak Rabin for Palestinian re-settlement was turned into a piggy bank for the Bush-Clinton Crime Family Syndicate and the CIA money laundry "The Children's Defense Fund".

In closing, this evidence was presented to both then Department of Defense Secretary Les Aspin, U.S. Representative Dick Arme, Senator John McCain, and U.S. Senator Sam Nunn, Democrat of Georgia.

What resulted, folks, was the assassination of White House counsel and current FBI informant Vince Foster, the firing of then FBI Director William Sessions, and a direct threat from Bush Crime Family stooges Bill and Hillary Clinton that they would have then Vice President Albert Gore Jr. (who elected these pieces of shit to begin with) dealt with if he did not stop pursuing the truth.

Then Vice President Albert Gore Jr. responded to Clinton telling him directly that he would kick the living shit out of him in the White House parking lot and that he and his wife are nothing more the CIA Bush stooges.

One week later Vice President Albert Gore Jr., now clearly year 2000 natural born, duly elected President Albert Gore Jr., tried to have Marc Rich (Bush-Clinton banker stooge) arrested.

He was assisted by White House counsel Vince Foster. We now know why Vince Foster was assassinated and Albert Gore Jr.'s presidency was stolen in the year 2000.

Finally, the American People have not forgotten and are ready to declare a Robespierre blood libel against the NAZI Paperclip Bush-Clinton Crime Family bloodline.

http://www.tomheneghanbriefings.com/The-Clock-is-Now-Ticking__12-22-2014.html

As we live free or die, Lafayette remains at Brandywine and Albert Gore Jr. remains the year 2000 DULY ELECTED, non-inaugurated, *natural born* REAL President of the United States.
