Who are the Galactics?

Reprinted from July 7, 2009

While Earth scientists look for signs of life on nearby planets, galactics more evolved than us hover on the edge of announcing their presence en masse to the planet.

Apparently the galactics could inhabit the Moon and we could know nothing about it. (1)

The galactics have the answer our scientists are ostensibly looking for: the universe abounds with life in all varieties of manifestation. They have answers our own scientists are not looking for: for instance, that the same Soul inside each form. (2)

I will be pretending here that generalizations can be made about the star nations who verge on announcing themselves to us, but it is pretence only. We have to start somewhere and I am making some statements which will be superseded by First Contact itself – in a matter of weeks or months.

Knowing that these pages have that short a life is humbling.

As to the star visitors, some are here to assist us with our planetary transformation. Some are sending light from afar. And some are merely curious and stopping by to see what's happening.

Of the Galactic Federation itself, Commander Adamu wrote: "We include many races and some of those races are very closely related – sort of brothers and sisters of the same original parent race. Some you might recognize are us Pleiadians, the Sirians, the Arcturans, the Antarians, the Andromedans and those from Procyon, Aldebaran and Deneb.

"These are names I can place in my young friend's mind at this time. There are others [I cannot]. Also others from outside of this galaxy are here. And ones who are far above such consideration as 'galactic neighbourhood' or even which universe you are from."

(3)

Sheldan Nidle's galactic sources place the GF contingent as coming from tens of thousands of worlds:

“We Sirians are only part of a vast contingent of galactic humans in this first contact fleet. Other groups originate in the Pleiades and tens of thousands of worlds that encircle the distant stars of the constellations Andromeda and Cassiopeia.

“They also come from solar systems in Aries, Perseus and Pegasus, and from stars, such as Bernard’s star and Alpha Centauri, much closer to your Sun. These amazing Beings have arrived to serve you and, at the appropriate time, intend to arrive en masse upon your lovely shores.” (4)

According to the same source, the galactic fleet is arranged in four rings. In the innermost, only human star nations are allowed, I expect so as not to startle us. (5) Just because all those who engage in First Contact are human in appearance does not mean that non-human space brothers and sisters are not part of the 2012 planetary transformation project.

Apparently, the human form exists throughout the universe, the basic male model being known as the “Adam Cadmon” blueprint. (6) The variations in human forms arise because of differences in planetary conditions.

Sirians, Pleadians, and Venusians, on the one hand, are allegedly very similar to us in appearance because of genetic linkage. (8) Ker-On predicts that Venusians easily pass as Earthlings. (9)

Antarians, on the other, are not as similar to terrestrials as Venusians. Damar of Antares describes his fellows:

“Our species is very tall and we have a lean body structure. Our craniums are larger than yours. We have large eyes and very small mouths. We do not have ears but have small indents in our skulls where your ears are. Since we communicate without speech, our bodies have adapted to a point where we require none.

“We have small narrow nostrils although we have no nose. We do not have bodily hair and our skin is very light. Our skulls have bony appearing ridges on either side. (10)

Nidle’s nameless sources describe themselves as similar though taller: “Our form, dear Friends, is quite similar to yours. We are as tall, or taller, than you. Many Pleiadeans, Andromedans and

Lyrans, for example, are of the same general height as you, while Sirians, Arians and those from Perseus are generally taller.

“Males are usually over 7 feet (2.13 meters) tall while females are usually more than 6 foot 4 inches (1.93 meters). Their height is counterbalanced by their perfectly formed physiques.” (11)

We shall hear many galactics allege the same thing here: that they are surrounded in an aura of light, causing earlier humans to regard their visitors as gods.

“Many of us are surrounded by a glowing aura. Because of this, and our ability to transform easily into our Light Body, many of your ancestors viewed us with awe.

“Greet us, now, not in this belief, but merely as your Space Family. Know by what you see that you gaze upon simply what you really are. Like us, you are Physical Angels. Soon, you once again will take on your true form.” (12)

Kryon agrees that, from whatever angle we consider matters, historically or genetically, “there’s a family here. ... Your family! ... That’s why we love you the way we do.” (13)

While there are males and females in even the highest planes of evolution, the difference between the two may not be anatomically based. Diane of Sirius reminds us that “the Beings of Light are androgynous and only use form as you understand it when it is deemed necessary. You have seen them as your glowing godly Beings from which beautiful light radiates in all directions.” (14)

Damur of Antares describes family life on Antares. If children are born by natural process, then anatomical differences may still exist on Antares:

“We have a family structure and our lifespan can be thousands of years. The female of our species work alongside the males in their chosen profession. There are educators for the children and they are housed together. We have a deep family bond and spend time together when we are not working. The family unit is very strong.

“We travel to other planets for vacation and sometimes take a working vacation while our family engages in sightseeing or recreational activities. Knowing about how other

civilizations live, we are blessed with choices when we take vacation time.” (15)

Longer life spans are normal within the higher dimensions of spiritual evolution. SaLuSa says that the bodies of the Sirians do not decay as ours do and can be replaced as desired. Matter there vibrates at a higher speed and is not as heavy as ours. Because the lower vibrations cannot exist there, Sirians are not subject to the same health problems that we are. (16)

Ker-on of Venus says that many galactics spend periods longer than our terrestrial lives aboard motherships. We shall see later that their technology supplies all their needs.

“We can if required travel to the outer limits of space, and inter-dimensional journeys make it possible in the shortest time. We can spend the equivalent to many of your lifetimes aboard our ships, as we do not age and can retain our present body for 1000 years or so if necessary. It may sound strange, but the Motherships in the Galactic Federation are really like floating cities in Space. They can cater for all of our needs and we want for nothing.” (17)

Adamu calls the Pleiadian civilisation “one of many races of beings that are space-bound. That is we have ships that can traverse the vast distances of space.” (18) Apparently, for inter-dimensional travellers, distance does not present a problem. (19)

Many members of the Galactic Federation, SaLuSa reminds us, have not evolved along the same path as we have. They gain an understanding of our experiences through tapping into our consciousness. (20)

Galactics from the GF do not experience concern as we do because they have the ability to adjust to any changes easily, apparently no challenge being beyond them. Their technological superiority reportedly lends itself quite readily to any situation. (21)

Everything on planes higher than the physical is arranged according to spiritual development or evolution. Only here is everyone all mixed up together, the dictator with the sage, etc.

Most of the galactics, like the Sirians, “have moved well beyond your present level of awareness.” (22)

SaLuSa characterizes the Sirian “members of the Galactic Federation [as] enlightened Beings, [whose] relationship to you is based upon our love for you.” (23) He reminds us that “we of the Star Nations ... have long risen above the lower emotions, and we tell you so that you know it is achievable.” (24)

The Hathors make the same claim for themselves: “We are what you might term an ascended civilization – a group of beings existing at a specific vibratory field, even as you have an energy signature. It is simply that we vibrate at a faster rate than you. Nonetheless, we are all part of the mystery, part of the love that holds and binds all the universe together.” (25)

The ways these ascended beings describe themselves are often puzzling and delightful. Says Kryon of himself: “I am not 3D and I am not singular.” (26) Adamu agrees: “I am a truly multidimensional personality.”

“That is to say we all are – it’s simply that my awareness encompasses a great many manifestations of self. Simply put, I know myself to be in many places and in many realities doing many different things all at the same time. I am this and I am that all at the same time, so to speak, for TIME itself is just a tool to me... an object which spreads out some parts of that which I hold within myself.” (27)

If I had known I was bound for multidimensionality, I would perhaps not have struggled so much in early life!

Arcturian GF members make the same claim: “Arcturus is one of the most advanced civilizations in this galaxy. ... We are a fifth-dimensional, and beyond, civilization.” The Arcturians claim that they are “the prototype for Earth’s future and happily use our Arcturian energy to emotionally, mentally and spiritually assist anyone who calls us.” (28)

Just so we can imagine, if even faintly, the difference between us and some of them in information processing, here is Damur of Antares explaining how Antarians learn:

“Our education and information systems deal with holographic technology. You have words, images and numbers in your records. When information is transmitted to us, it is sent as a beam of light energy and received by our higher brain. All the information is received simultaneously and integrated instantly. So, you can see that we are quick learners!

“We are also able to view a holographic image and all the information contained within the image is received and immediately integrated. In other words, we understand instantly. We are able to utilize all of our brain capacity.” (29)

We have looked at the various star nations that form the Galactic Federation. We have seen that the human form is common in the universe and have looked at some similarities and differences. We have seen that most member nations of the Galactic Federation are ascended and have examined a few elements of their lifestyle and capabilities.

Life Exists Everywhere in the Universe

Purported Depiction of SaLuSa of Sirius

The galactic group of which SaLuSa is the acknowledged head and spokesperson tells us that a great variety of life forms exist everywhere in the universe, all inhabited by the same one soul. Says SaLuSa: “There are intelligent life forms beyond your present imagination, and some are entirely different to what you have been used to so far.” (1)

But, after the novelty of extraterrestrial contact wears off, “outer appearances will not concern you, as in the future you will recognize all souls through their energy signature which will be similar to your own.” (2)

A year ago, he told us that “there is life everywhere you look, and not just in the dimensions that are open to your physical eyes.”

“There are dimensions beyond your reckoning, and still life is present in abundance. It would be difficult to explain such vastness as an accidental occurrence, when it is clear that a mighty intelligence must exist that embraces all that exists.” (3)

Since “life is everywhere around you,” Ker-on of Venus asks, “what could be more natural than contact being made with you?” (4)

SaLuSa’s colleague, Atmos, also of Sirius, reveals that “regardless of which form [another life form] represents, it is correct for the conditions in which it lives.”

“Inside each form is the same soul as you although they may be at a different level. All seek experience and you will measure their spiritual advancement according to the dimension that they reside within.” (5)

SaLuSa and his band of galactic communicators represent the Galactic Federation of Light (GF), but not all our space family here at present belong to it. SaLuSa tells us that the GF has had an intimate hand in the evolution of the human form on Earth. He says:

“You will find that Galactic Federation members are no strangers to your early evolution, and in fact have had more than a hand in it. There is more of a connection between us than you might imagine, and we have had a part to play in your genetic engineering resulting in what you are today. When you get to see the various types of Beings in our Federation, you will marvel at how many have a close resemblance to how you look now.” (6)

We can expect great similarities between us and many of the visitors, all the more so because our space family have seen to it that only those who resemble us approach the Earth in the early years of contact. SaLuSa reminds us of this and predicts changes to our own appearance:

“Beings like us are very similar to you.” (7)

Photo of Asket. Billy Meier's mentor in his younger years. According to Kees de Graaf, Asket is from the Timmar civilization, which lives in a neighboring universe.

“Along with the Pleiadians and Venusians we are very much like you in appearance. After all, you are genetically linked with us and we have more in common than you might

imagine. Many of you are aware of other humanoid forms, and these are simply variations that are more suited to the different planetary conditions.

“Bodies are vehicles that house your soul for the duration of your time in any one environment. Soon yours will change again, as you move into the higher vibrations and indeed for some of you they have already begun.” (8)

While galactics like SaLuSa may resemble us in appearance, they differ from us in experience. He explains: “You might ask if we too have had experiences similar to yours. The answer is not necessarily as there are many paths that lead to Ascension, and they do not all include the cycle of duality.” (9) He amplifies:

“We of the Galactic Federation have not all evolved along the same path as you. However we can gain an understanding of your experiences through tapping into your consciousness. It clearly helps us to work in harmony with you, if we can respond as one who can resonate with your experiences.” (10)

One of the ways they differ is that they do not have as much occasion to worry. He explains: “We do not experience concern in the way you do, as we have the ability to adjust to any changes quite easily and no challenge is beyond us. It is simply that our technological superiority lends itself quite readily to any situation.” (11)

More to the point, SaLuSa and his colleagues live in the ascended state towards which they are helping us. He tells us that “as members of the Galactic Federation we are enlightened Beings.” (12) Kryon once put their situation in a strikingly-humorous manner: “I am not 3D and I am not singular.” (13)

What else does their enlightened state mean for them? For one thing the whole circumstance of the way in which they live life is different than ours. They are not driven by the lash of karma.

“At our dimensional level we have long overcome the need for karma, and if we make the wrong choices we recognize them and make amends immediately. For us personal relationships are based on love and respect for each other. We recognize our Oneness with all that is, and acknowledge the divine essence that all life carries.

“Our caution concerns decisions that are made that affect many souls, such as our involvement with your future. The outcome is not always clear, but based on our experience and ability to read the future probabilities we are confident that little can go wrong. When an advanced civilization intervenes with one that is still evolving, much care is necessary to ensure that it does not interfere with their path of evolution.” (14)

SaLuSa has hinted at a second area of difference. His is a service-to-others civilization. They are helping us because they love us. He says: ““Our relationship to you is based upon our love for you.” (15)

Even the atmosphere within their spaceships radiates love:

“We will one day soon welcome you on board our ships. They are alive with the higher vibrations of love, and visitors seldom want to leave the harmony, joy and happiness that they feel all around. Unlike Earth there is no negativity or lower vibrations, as we have moved far beyond them.” (16)

Their enlightened state means that they are also not swayed by their emotions. SaLuSa explains: “We of the Star Nations are ascended Beings and have long risen above the lower emotions, and we tell you so that you know it is achievable.” (17)

Ascended galactics “participate with full knowledge of what is happening. As it takes place so each dimension co-ordinates its actions with all other levels and it flows in compete unison.” (18)

The same could not be said for us. “Your dimension is the exception,” SaLuSa reminds us, “but we assist you to avoid as much difficulty as possible.” (19)

Our Ascension will see the same conditions created on Earth as exist for these enlightened beings. “It is possible to create such conditions on Earth,” he says. The barrier is that “you have forgotten who you truly are, and your creative powers to change the existing vibrations.” But all that will soon change. “As you know there is a Divine Plan of which we are an integral part that will achieve [this situation] in readiness for Ascension.” (20)

The universe therefore is full of life, much of it more enlightened than we, and ready to assist us to progress. In this special end-of-cycle time, we will join them in a round of life that will win us an unimaginably-fuller capacity to welcome, to embrace, and to love.

Galactics and Spirits Follow a Divine Plan

2010 October 18
Posted by Steve Beckow

What is the Divine Plan?

As more and more people awaken to the galactics' presence around the Earth, the first and most important question they will ask is: why are they here? The galactics have been very patiently telling us for years through channelled messages why they are here. SaLuSa of Sirius gives us the short answer: "As you must know by now we are not here in great numbers by chance. It is to fulfil the Creator's Plan for this Universe." (1)

What is that Plan? He tells us:

"Your All-Loving God has plans well beyond your understanding and the goal is to successfully move your Universe into the higher vibrations. That process is well advanced, and you and your Earth are being prepared to be part of that upliftment." (2)

Most other parts of the universe are aligning with the Plan, except Earth, where dark forces, known as the Illuminati, the New World Order, the secret state, or the military-industrial complex, have opposed it, SaLuSa says.

"The Creator has expressed a desire that all within your Universe shall ascend and it is only your Earth that is experiencing a battle to be part of that upliftment. All other planets

and dimensions are sufficiently advanced to move with the changes without any difficulty. “(3)

We hear a similar message if we listen to Earth’s ascended masters rather than the galactics. Here is St. Germain for instance.

“There is an immutable plan that is well advanced for your final experiences, that shall lift you out of duality fully into the Light and Love that knows no equal or limitations. Your future is assured amongst the dimensions of Light, and every step you take is nearer to the Source of All That Is. The Angels sing their praises for you and Heaven awaits your return at last.” (4)

If we ever doubted the galactics, we have only to observe their past actions. SaLuSa tells us: “Over the years ... our actions have shown that we of the Galactic Federation are on a divine mission.” (5) Their actions will show, Mira the Pleiadian tells us, that “we serve the Creator in whatever manner is needed.” (6)

The Divine Plan has existed since ancient times, says Atmos of Sirius.

“The plan of enlightenment started long ago and has brought about an awakening that has moved you onto the path of Ascension. It is one of major opportunity to leave the Earth in its present lower dimension and proceed with it to the higher levels.” (7)

The Plan has been known for a long time, SaLuSa tells us.

“It was known even when you first came to Earth that the cycle would complete with your successful Ascension. The power behind these events is the Creator, and although freewill is ever operating, some are pre-ordained.” (8)

Many prophets have spoken of it, he informs us.

“The coming Ascension has been the subject of many teachings and messages for a very long time, as the end times have been clearly defined since this cycle began so long ago. It is the whole purpose of everything that has been taking place.” (9)

The galactics’ response to Creator’s Plan, he says, has also “been in place for a long time and updated and ready to commence at a minute’s notice.” (10)

He informs us that, “as you can imagine spiritual matters are highly organised and progress is coordinated for Humankind so that as many souls as possible move into the Light.” (11)
“Gradually,” SaLuSa says, “the awakening process has started to yield results.” (12)

The overall circumstances of life, as I have remarked on several occasions, (13) are designed so that the Divine can experience Itself. I’ve called this on occasion a “game.” Hindus call it a “divine play” or leela. As a group calling itself the “Heavenly Hosts” once put it, life “is all just experience to satisfy the Creator’s desire to experience Itself through Its creations.” (14)
SaLuSa indicates his knowledge of this game as well when he says:

“You are all acting out your roles for the benefit of the whole, and a game it may be, but one that is deadly serious. The emphasis is on getting you to awaken to your true selves, and taking responsibility for all you do.” (15)

Terrestrial spirits like Saul tell us that “it is your Father’s Will and yours that you make this move back into His glorious Presence where you belong and where everlasting bliss awaits you.” (16)

A group calling itself the “Light Beings.” probably composed of angels or celestials, reminds us that “the kingdom of God is coming to earth.”

“Yes, it will take time in earth days. But remember the kingdom will be rebuilt by souls like you. ... Rest assured that the Plan is unfolding exactly as it should.” (17)

It’s unfolding exactly as it should because the Divine Plan is perfect. Says SaLuSa: “The grand plan for Man is perfect in its concept and whatever path you take, it will always lead to your goal.” (18)

The Divine Plan Cannot be Thwarted

God’s edict cannot be thwarted. The galactics are well able to accommodate any circumstance to see that it is accomplished.

“There is a clearly-defined plan for your future, but we can easily accommodate any changes necessary. We follow all events taking place on Earth, and as a result can adjust our actions accordingly. However, there is a core plan which shall manifest and take you through to Ascension as intended. ...

“The path to Ascension is to be cleared of any attempts [by the dark forces] to prevent it from manifesting, and be sure, Dear Ones, that when a divine edict is given it is the Law of the Creator.” (19)

Terrestrial spirit teachers agree that the Divine Plan is unstoppable. Saul says: “The divine plan continues to unfold precisely as intended, and as it must; nothing else is possible.” (20) And Jesus: “There is a divine timing about everything. Nothing is ever done by chance; it is all by divine plan.” (21) The ascended master Hilarion informs us that “there [are] just a few more steps to do and complete, from the Cosmic Viewpoint, until the Divine Plan is fully anchored upon the Earth.” (22)

The Details of the Divine Plan have been Worked out by Higher Councils

The Divine Plan was conceived “at a higher level” than our reality, SaLuSa informs us, and “it will not change except for divine intervention.” (23) Matthew Ward reveals that evolved beings worked out its details and the galactics are here to implement them.

“The highest universal council members ... long ago conceived and crafted the Golden Age’s master plan. The plan included millions and millions of souls from advanced civilizations whose essential assistance on, within and above Earth assured that she not only would survive death throes, but would be restored to her original paradise self, where all her people live in harmony with each other and all of Nature.” (24)

SaLuSa also explains that “the Elders have ensured that there is no shortage of attention to your needs, and the end times are meticulously planned for total success.” (25)

Apparently we also played a part in its design. Says Damur of Antares: “You helped to design the Grand Plan that you find yourselves in.” (26) Everything that is happening now in the battle of the dark against the Light is part of that plan, St. Germain says.

“[Your galvanization against the dark] is in accordance with the plan of the High Councils and Elohim for the destiny of Earth and its people. What appears simply a physical confrontation is in fact occurring on a number of different levels and you are lifting yourselves up and driving the dark forces back until they will eventually leave your vibration. What a glorious future awaits you as you take your place amongst the ascended Beings, having achieved your own Ascension.” (27)

There is No Reason for Fear

There are no grounds for fear, SaluSa assures us.

“Your glorious future is absolutely certain, and it is written into the plan decreed by the Creator.” (28)

“Let us repeat that there is nothing to fear, your future is absolutely assured — and that is by Divine Decree. A Universal edict has been served on all creation that has responded by preparing in readiness for the great change to the higher dimensions.

“You have to be helped, which is why we are here in great numbers. Now you can see why we work incessantly with our allies, as we are keen to get started through direct contact with you. That is not far away now, but we shall choose our time well when it is most suitable for a successful open first contact.” (29)

“Part of our actions is to ensure that you safely reach the end of your journey, and we abide by the Creator’s decree that it shall be so. We can therefore tell you that you have nothing to fear where your future is concerned.” (30)

We have much help available to us from both galactic physical civilizations and the spirit planes, Diane of Sirius informs us: “To ensure completion of God’s Divine Plan, many souls have volunteered to assist you make it to the Golden Age that follows Ascension.” (31)

Our awakening at this time is all part of that plan, SaLuSa says: “The Divine Plan is calling upon many souls incarnate upon Earth, to come into their own and be the leaders that they are already.”(32)

First Contact will Reassure Us

As long as the galactics remain on board their ships, it’s hard for us to appreciate their purpose and role, but, SaLuSa tells us, “once we can openly visit you, your doubts and frustrations will disappear, as you will quickly realize that we are the Creator’s representatives on a divine mission.” (33) “Our presence is ... part of the greater plan,” he says on, “and we will join you at the appropriate time and ensure your progress takes off in leaps and bounds.” (34)

After First Contact, all will proceed in a rapid and organized fashion. Says SaLuSa:

“There will be a co-ordinated plan between our allies, and us of the Galactic Federation and events will follow quickly once they get started. At each stage we shall prepare you for what follows, as it is so important that our actions are clearly understood. We do not thrust things upon you without due consideration as to how it will affect you. ...

“At times it will seem hectic, but the object is to clear out that which has no place in your future.” (35)

Until then, Mira the Pleiaidan tells us that “little by little the divine orchestration continues.” (36)
Atmos the Sirian agrees: “All proceeds in an orderly manner with purpose even if you cannot grasp it.” (37)

Of both spirits and galactics, Saul informs us: “We are all waiting with heightened awareness, as the intensity of our expectations increases moment by moment for the unveiling of the masterplan for planet Earth. Its implementation will completely change the way that humanity lives on Earth.” (38)

The Galactic Federation Serves God

I think all of us can remember some movie in which extraterrestrials threatened to overwhelm humanity. One does not have to go back to the Fifties. Even “Independence Day” (1996) casts ETs as ill-wishers of the Earth, wanting only to get rid of humanity.

In fact even the re-release of “The Day the Earth Stood Still” (2008) raised the fear again, although now the ETs are cast as well-wishers of the Earth wanting to get rid of humanity.

As disclosure of the existence of extraterrestrials approaches (late Oct. 2009), I notice that my movie channel is playing the “Alien” trilogy, which does nothing but make my teeth chatter.

So I think the first matter that needs to be established is that our space brothers and sisters bend the knee to the same God that we do – or we ostensibly do, because they appear to do a much better job of serving God than we.

According to SaLuSa, the Galactic Federation (GF) “carry out the wishes of the Father/Mother as we are dedicated to the Will of God. We are therefore dedicated to your well-being and success.” (1)

No “Independence Day” here.

What is the divine plan the galactics serve?

SaLuSa views it from the human perspective when he says that “life is all about experiencing a myriad of different situations that lead you to understand Spirit in matter.” (2)

Throughout our divinely-ordained journey, we are driven on by an innate “urge to evolve.” Our “quest for knowledge and the truth can never really be satisfied until [we] reach the ultimate – The Source of All That Is.” (3)

Ker-On of Venus views it from the Creator’s perspective: “You are playing a game, albeit you take it very seriously, which is actually an experiment that you volunteered to take part in.

The Creator desired to know how the Light Sparks sent out from the Source would react to the lower energies... You travelled down through the higher realms, and assigned yourselves to

Earth when it was the Garden of Eden. It was only later that you forgot your true identity as gods, and took on the mantle of darkness.

However, you were not and never will be left alone to lift up again and no soul is deserted or damned. In the not too far future you will again come to the realisation of who you really are. When that time comes, you will be all the greater for your time in the cycle of duality. (4)

Not only is the Earth to ascend but “the Creator has expressed a desire that all within your Universe shall ascend.” (5)

Why have the GF come here? Their mandate is “to ensure that you safely reach the end of your journey.” (6)

SaLuSa reminds us that “we [of the GF] are not here in great numbers by chance.” The GF is here to “fulfil the Creator’s Plan for this Universe. Nothing can prevent it manifesting in Ascension.” (7)

Apparently, the Creator’s Plan originated long ago (8) and has been “told to numerous shamans around the world for centuries.” (9)

The coming 2012 transformation is part of a natural process. Ascension “comes only after you arrive at the grand tipping-point, which is the moment when you leave behind what you know and gladly move into an unknown that you sense is to bring you great joy.” (10)

Nidle’s GF sources tell us that “Earth’s humanity is to be made ready for a return to full consciousness. This plan states to us that ... we are to ensure that this occurs in a timely manner and that our fleet uses its resources to move your society firmly into the Light.” (11)

They confess that they are “doing everything within the boundaries set by the Divine.” In some instances they are “nudging some of these boundaries further at this time than intended by Heaven. We wish to carry out our mission as soon as possible. Our ships fill your skies and we are more than ready to land and celebrate our mutual victory!” (12)

The end of the cycle “is but a few years away.” (13) According to the Sirians, “we are getting [more and more] excited as the day moves ever nearer.” (14)
